Cadaveric Dissection Course for Laparoscopic and Radical Pelvic Surgery and Cytoreductive Surgery

19-20 October 2017

About the centre

At the Newcastle Surgical Training Centre we are committed to giving you the best possible opportunities in education and training by offering a wide range of multidisciplinary courses to meet your every need. Our highly professional clinicians are here to train and support you every step of the way. Combining didactic teaching and practical procedures with leading edge technology, we offer first rate cadaveric training and continuing professional development in a purpose built facility. We also carry out pioneering research into new techniques and ensuring that you receive the very best surgical training available in the UK, both for today and in the future.

The Newcastle Surgical Training Centre is led by the co-directorship of Professor Alan Horgan and Professor David Deehan. The centre delivers over 150 advanced training courses from regional, national and international surgeons representing multi specialties. Collaboration with national and international faculty drives a greater understanding of surgical techniques delivering improved patient care.
